

WATER/WASTEWATER TREATMENT CERTIFICATE

2017-2018

This program is designed to provide entry-level training and upgrading for California water and wastewater public and private agency operators. A student seeking introduction into either water or wastewater fields would benefit by taking the entire course offerings. It is strongly recommended that students complete MATH 101-Basic Algebra and CHEM 2A-Introduction to Chemistry before completing the requirements of the program.

REQUIREMENTS FOR CERTIFICATE:

			<u># of Units</u>
WTT	177	Introduction to Wastewater Treatment (I)	3
