► COURSE INSTRUCTION TYPES

Shasta College courses are available in various formats, ranging from traditional classroom settings to Internet-based varieties. Internet courses typically offer greater flexibility for students’ schedules. Contrary to some beliefs, however, Internet-based courses are not easy. These courses require a well-disciplined, motivated student with computer skills; familiarization with the Internet; a reliable computer; and a high-speed Internet connection.

**FACE-TO-FACE**
Courses held in a traditional format. Course days and times are scheduled, and the student must attend class.

**ITV (Interactive Television)**
Courses using two-way interactive video technology. Course days and times are scheduled, and the student must attend class. The course may originate from the Shasta College main campus, or from one of the Extended Education campuses, with real time delivery. Students are able to fully interact with the instructor and other students.

**WEB ENHANCED**
Courses meeting face-to-face AND which utilize the Internet to augment course materials. Course days and times are scheduled, and the student must attend class. No class hours are scheduled to be replaced by online time.

**HYBRID**
Courses meeting face-to-face for a certain number of instructional hours AND a portion of the required instructional hours is conducted online. Students MUST access online materials to successfully complete course requirements. Days and times of actual face-to-face meetings are shown, followed by “+ INTERNET.”

**ONLINE**
Courses requiring all class content, activities, and interaction be done online. Students MUST access online materials to successfully complete course requirements. Fully online courses are listed as “INTERNET.”

For Internet-based (fully online) course Offerings, visit the Shasta College website at www.shastacollege.edu.

PUENTE PROGRAM LEARNING COMMUNITY · 5 UNITS* · Section F3711
Tehama Campus (Red Bluff)

This is the first half of a year-long Learning Community. The Puente Program Learning Community is designed to help students establish strong academic and social connections in order to successfully transfer to a four-year college or university. Curriculum focuses on developing reading and writing skills through an exploration of the Mexican American/Latino experience. Students will work closely with their Puente counselor to explore career options, develop an academic plan and identify their goals through the Student Development course as well as individual counseling sessions. Students will attend multicultural events and visit college campuses and attend an annual Puente student transfer conference. Students will be required to enroll in subsequent courses the following spring semester. There will be a mandatory orientation for all registered students on August 16th, 2012, 4:00-5:30P, in room 7206A on the Tehama Campus. THE MEETING WILL BE HELD ON THURSDAY AUGUST 16, 2012 AT 8:00A IN ROOM 1632. THE MEETING IS SCHEDULED FOR ALL STUDENTS ENROLLED IN THIS COURSE. THE MEETING WILL BE HELD ON THURSDAY AUGUST 16, 2012 AT 8:00A IN ROOM 1632. Materials Fee: $250 per semester Note: Additional SFT and OES-CSTI certification fee of $115 This course is currently scheduled to meet on the days and times set forth above. While the Fire Academy does not meet every day of the week, students should anticipate date and day changes based on weather, facilities use and instructor availability issues. In addition to class hours, students will be required to complete an extensive amount of homework, meet in study groups and, if needed, come in on their own time to practice technical skills. In short, this is a full time commitment for the semester. These sections make up a Learning Community. Learning Communities are an advanced learning system designed to improve the students knowledge, skills, and reasoning abilities. This Learning Community will assist students by linking English courses that develop reading and writing skills with the technical material of the Firefighter I Academy. This Learning Community is directed at increasing the students ability to successfully pass both the Firefighter I Academy and the English courses. Note 1: Fire Academy students will be required to purchase mandatory equipment and supplies for this class. One to two weeks prior to the start of class, registered students will receive a pre-letter which lists all required equipment/supplies for both the pre-meeting and the first day of class. If you have not received this letter by the Monday prior to the pre-meeting, you may pick up a copy in the Division office located in room 1800. Note 2: Students taking the Firefighter I Academy must have a valid email address and internet access throughout the semester (computers are available on a first-come/first-served basis at the college library.) Note 3: Fire academy students MUST be medically cleared for rigorous physical training prior to the first day of class. The required medical forms can be picked up in room 1800 M-F, 8A-4P. Students who do not have full medical clearance on the first day of classes will not be allowed to participate in any Fire Academy activities. Students should anticipate a very demanding, yet highly rewarding semester while completing this course. **NOTE:** Room 5006 is not accessible to all students. If a student has registered for a class in this classroom and cannot attend because it is not ADA accessible, please contact the Division office, Room 1800, telephone 242-7592. Accommodations will be made.
