Application E-Link: Shasta College Application for Admission

CONTINUING STUDENTS (Students currently enrolled at Shasta College): Please check your registration date that will be sent to your email address on file or you may find your registration date and time on your My Shasta account.

RETURNING STUDENTS (Students who attended Shasta College in previous semesters but are not currently enrolled): Please contact the Admissions and Records Office for a registration date.

TRANSFER STUDENTS (Students who have completed courses at other colleges or universities, but not Shasta College): Please contact the Admissions and Records Office for a registration date.

FIRST-TIME NEW STUDENTS: You are a first-time new student if this is the first time attending any college. You are required to participate in matriculation services. Beginning fall 2014, “Matriculating” students receive a priority registration date after completing the following steps:

1. Apply for admission to the college;
2. Take Math and English assessment placement tests;
3. Send official transcripts of high school and previous college work to the Admissions and Records Office.
4. Attend an orientation where you will meet with a counselor and develop a preliminary education plan.

Beginning fall 2014, new students will receive priority registration based on the completion of matriculation. Registration priority shall be lost at the first registration opportunity after a student: 1) Is placed on academic or progress probation or any combination thereof for two consecutive terms; or 2) has earned one hundred (100) or more degree-applicable units at Shasta College except in designated high unit majors. Returning students and students who began taking classes at Shasta College after summer 2014 must also have a comprehensive education plan on file by the end of their 3rd semester.

PETITION PROCESS

Students may appeal the loss of priority enrollment status due to extenuating circumstances or if they have a disability and applied for, but did not receive a reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student. Shasta College may exempt from the 100 unit limit category those students enrolled in high unit majors or programs.

Shasta College may also allow students who have demonstrated significant academic improvement to appeal the loss of priority enrollment status. Significant academic improvement is defined as achieving a minimum grade point average of 2.0 and completing more than 50% of units attempted in the student’s most recently completed semester.
Students have the right to refuse matriculation services. Forms are available for this purpose from the Dean of Enrollment Services. Matriculation Services are optional for the following students:

1. Students who have received a full array of matriculation services at another California Community College;
2. College students who plan to enroll only in courses having no English and/or Math skill requirements/prerequisites;
3. Students who plan to enroll in fewer than 6 units and who have ‘personal interest,’ advancement in their current jobs, or maintenance of a certificate or license as their goal;
4. Students who have completed an Associate or higher degree and are not pursuing a program or degree objective; or
5. Students who have completed 30 or more semester units at another college or university and are not pursuing a program or degree objective at Shasta College.

PLEASE NOTE: Students must register for full-term classes in person if not enrolled prior to the first day of the semester.

ADDING A CLASS: Students may be added into an open class through the 10% point of the class. After the first two class meetings, approval by the instructor is required to add the class, which includes both the signature of the instructor and the first date of attendance. IT IS THE STUDENT’S RESPONSIBILITY to pick up the form from the Admissions and Records Office and take it to the instructor for approval. The student must then return the form to the Admissions and Records Office or the Extended Education campus for processing before the add is finalized.

ATTENDANCE: Students are expected to attend all classes. A student who fails to attend the first class meeting of a course without notifying the instructor may be dropped from the class. In addition, an instructor may drop a student during the first 75% of the class for non-attendance. Nevertheless, IT IS ALWAYS THE STUDENT’S RESPONSIBILITY TO OFFICIALLY DROP OR WITHDRAW from the class. Students who fail to file the necessary forms, even though they stop attending class, will be assigned a course grade.

CLOSED CLASSES: A closed class is one which has reached its maximum enrollment. The only way that a student is allowed into a closed class is:

- The student has their name added to the class wait list so, as enrolled students withdraw, the wait-listed student may be added to the enrollment list depending upon their wait-list priority. An e-mail to the student is automatically generated, and the student has until midnight of the date the e-mail was sent to pay the appropriate fees and achieve official enrollment status; or
- The student must obtain the instructor’s permission. The instructor verifies permission by signing a student add/drop form and including the date of first attendance.

In either event, the student must attend the first class meeting.

CONFLICTING CLASSES: The State of California will not allow students to enroll in classes that are held at the same time or that have overlapping times.

DROPPING A CLASS: IT IS THE STUDENT’S RESPONSIBILITY TO DROP A CLASS(ES). The Enrollment Fee and/or material fees are refundable if a class is dropped during the first 10% point of the length of the course.* Students may drop a class and have no notation appear on their transcripts through 30% of the class. Students are able to drop classes on-line through My Shasta. The student may withdraw from a class from the census date up to 75% of the length of the course. The notation “W” will appear on the student’s transcript and will not be used in calculation of the grade point average. Excessive “W”s shall, however, be used as factors in progress probation and dismissal procedures. Forms are available from the Admissions and Records Office, Extended Education campuses, or by mail. Students may not drop classes over the phone. Students who have not dropped or withdrawn from a class before the end of the fourteenth week or 75% of the term will be assigned a course grade. Students unable to process transactions in person or via My Shasta may designate another person to process transactions on their behalf by proxy. A proxy form is available at www.shastacollege.edu or through the Admissions and Records Office. The form must be signed and returned to the college Admissions and Records Office prior to the transaction.

*Refund deadlines and procedures for out-of-state students vary. Please see page 7 for details.

OPEN ACCESS POLICY: The policy of this district is that all courses, course sections, and classes of the District shall be open for enrollment to any person who has been admitted to the college. Enrollment may be subject to any priority system that has been established. Enrollment may be limited to students meeting properly validated prerequisites and corequisites or due to other practical considerations such as exemptions set out in statute or regulation.

PREREQUISITES, COREQUISITES, ADVISORIES, LIMITATIONS ON ENROLLMENT AND CERTAIN NOTES are indicated as such in this schedule. For a description of these items as they pertain to a particular course, please access one of the following resources:

- Course information available online via My Shasta which can be accessed from the following link: My Shasta Course Information
- Shasta College Course Catalog (2013-2014) which can be viewed from the following link: Shasta College Catalog

REPEATING CLASSES: You will not be able to register for a class you have already attempted three times. Each time you receive a grade for a class, including “W”, it counts as an attempt. Beginning Fall 2013, you will not be able to register for a course if you have already had four enrollments in the same family of courses. For more information on course families, please refer to page 30. If you
feel this new policy may affect you, please schedule an appointment to meet with your counselor by calling 242-7724 or your Extended Education Campus

SPECIAL ADMIT FOR CONCURRENT ENROLLMENT: High school students wishing to enroll in Shasta College classes must have permission from their high school principal and follow instructions detailed on the form. Forms are available at local high schools. Advance approval of students in 12th grade or lower by the Admissions and Records Office is required before registration. All special admit students should review college assessment placement test requirements as noted on the enrollment form. Course content is not altered for concurrent students and is intended for adults. Shasta College accepts no responsibility for any extraordinary supervision of concurrently enrolled students and is released from responsibility for the student’s class selection.

WAIT-LIST: Wait-lists are available for most course sections. Once a class section has closed, the student may elect to be placed on a “wait-list” and the student's schedule will reflect this class as a “wait-list” status. If an opening occurs in the class prior to the first class meeting, the first eligible person on the “wait-list” will automatically be enrolled into the section and sent a notice accordingly with instructions on making fee payment. Any student who elects to be placed on “wait-list” status must attend the first class meeting and identify him/herself to the instructor as a “wait-list” candidate, or in the case of Internet courses, the student must email the instructor on the first day of the term. STUDENTS’ FAILURE TO ATTEND THE FIRST CLASS MEETING OR EMAIL INTERNET INSTRUCTORS ON THE FIRST DAY OF THE TERM WILL JEOPARDIZE THEIR STATUS AS “WAIT-LIST” CANDIDATES. Faculty will be required to give “wait-list” students who follow these procedures priority before approving any other over-enrollment in the class. IF OVER-ENROLLMENT APPROVAL IS GRANTED, IT IS THE STUDENT’S RESPONSIBILITY TO RETURN THE ADD FORM, WHICH MUST INCLUDE THE INSTRUCTOR’S SIGNATURE AND FIRST DATE OF ATTENDANCE, TO THE ADMISSIONS AND RECORDS OFFICE AND/OR EXTENDED EDUCATION CAMPUS TO HAVE THE REGISTRATION PROCESSED. The student will not be considered officially enrolled in the class without the add/registration form being processed and an official receipt generated. OVER-ENROLLMENT CANNOT BE PROCESSED VIA ON-LINE WEB REGISTRATION. Students who do not have the over-enrollment registration processed will not be considered officially enrolled and will not receive a grade or credit for the class(es).

ENROLLMENT SERVICES

STUDENT SUCCESS AND SUPPORT PROGRAM

The objective of the Student Success and Support Program is to assist students in designing and planning their educational goals. The process begins with admission and ends when the student achieves his/her educational goal.

The California Community Colleges Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to provide incentives to students who make progress toward their educational goals.

New students who have completed college orientation, assessment and developed educational plans as well as continuing students in good standing who have not exceeded 100 degree-applicable units (not including units in basic English, math, or English as a Second Language) will now have priority over students who do not meet the criteria.

Students who are active-duty military, veterans, foster youth, and participants in EOPS, DSPS and CalWORKS will continue to have priority registration if they meet the same criteria listed above. The regulations were unanimously approved by California Community Colleges Board of Governors and will be implemented for fall 2014. We highly encourage students on academic and/or progress probation and those nearing 100 degree-applicable units to seek guidance from a counselor to carefully plan their remaining courses.

Matriculation

Matriculation is defined by the Seymour-Campbell Student Success Act of 2012 as “a process that brings a college and a student into an agreement for the purpose of achieving the student’s educational goals and completing the student’s course of study.” The agreement involves the responsibilities of both the college and student. The Student Success and Support Program includes services to optimize student opportunities to achieve academic success.

The College agrees to provide:
- An admissions application process.
- An orientation to the College’s programs and services.
- Assessment in English, math and reading before course registration.
- Counseling and advisement to develop an educational plan.
- Follow-up evaluation of each student’s progress in achieving an educational goal.

The student agrees to:
- Identify an academic and career goal upon application.
- Complete new student orientation, if new to the college.
• Declare a specific course of study after a specified time period of unit accumulation, as defined by the Board of Governors.
• Attend class and work diligently to complete class assignments.
• Complete courses and maintain academic progress toward an educational goal and course of study identified in the Student Educational Plan (SEP).

• Provide photo identification (i.e. driver’s license, student body card, passport, work badge); and
• Have an application on file at the Admissions and Records Office.

Assessments are offered on the Shasta College campus in the Assessment Center (Rooms 102) in the 100 Building; at the Extended Education campuses; and at selected high school campuses. COURSE INSTRUCTION TYPES

Shasta College courses are available in various formats, ranging from traditional classroom settings to Internet-based varieties. Internet courses typically offer greater flexibility for students’ schedules. Contrary to some beliefs, however, Internet-based courses are not easy. These courses require a well-disciplined, motivated student with computer skills; familiarization with the Internet; a reliable computer; and a high-speed Internet connection.

FACE-TO-FACE:
Courses held in a traditional format. Course days and times are scheduled, and the student must attend class.
