

Substance Abuse

Substance Abuse: Shasta College is a drug and alcohol free institution. That means you may not possess, consume, or be under the influence of drugs or alcohol at any time while at the Residence Halls and surrounding parking lots. The campus drug and alcohol policy has been mandated by campus officials as well as state and federal laws. Although this will be your home, the Housing Department is not at liberty to change or make exception to any part of the Campus Drug and Alcohol Policy. This policy applies to persons over the age of 21 as well as those who are under 21.

You may not possess drugs or alcohol or indulge on campus or return from off campus after partaking in those activities, regardless of your age or your good intentions.

The use, possession, cultivation, production, sale, gift, or exchange of illegal drugs is prohibited on campus at all times.

MEDICAL MARIJUANA - Under Federal law, the use and/or possession of marijuana on campus is unlawful, even if you are authorized under California's Proposition 215

(prescription). Possession of drug paraphernalia, i.e. smoking devices, is prohibited at the Residence Halls and surrounding parking lots at all times. If any items are found, they will be confiscated and the student will be subject to discipline. **We will actively pursue such violations and take judicial or disciplinary action, up to and including removal from Residential Housing.**
