Safety Tips
Although Shasta College is considered a safe campus for students, staff and visitors, no campus is completely immune to crime.

- Be aware of your surroundings at times when you may be less alert or distracted. You are more vulnerable to an attack when you are upset, sick, or talking on your cell phone.
- Use discretion and caution when taking shortcuts through isolated parts of the campus.
- If you must be in an isolated area (e.g., working or studying alone in labs or offices) lock the doors and tell a friend or Campus Safety where you are and when you plan to leave.
- Know the locations of campus emergency blue telephones.
- Keep personal belongings in view or secure at all times when on campus.
- Whenever you are on campus and see or hear someone who might be in trouble, your options include: running, yelling, confronting, calling 9-1-1 or Campus Safety.
- Park in well lit areas after dark.
- While walking to and from classes at night, walk with someone you know you can trust.
- Learn self-defense techniques. Free classes are offered at Shasta College. Contact Campus Safety for upcoming class dates.
- Use the Safe Walk Escort: (530) 242-7910.
- Let your family or trusted friends know your class schedule.

The Clery Act requires all colleges and universities that participate in federal financial aid programs to track and disclose information about crimes that occur on and near their respective campuses.
