

State-of-the-College Address

Joe Wyse
District Superintendent/President

FLEX Day Schedule

7:30 a.m. - 8:30 a.m.	Asphalt Cowboys Breakfast
8:45 a.m. - 9:45 a.m.	State-of-the-College Address, Theatre
10:00 a.m. - 11:00 p.m.	SLO Department Meetings
11:10 a.m. - 12:10 p.m.	Workshops
11:15 a.m. - 3:30 p.m. (Special Sessions)	Nurse Squared & Dental RAT Training
12:15 p.m. - 1:15 p.m.	Lunch – Faculty Meeting Room 802
1:15 p.m. - 3:30 p.m.	Workshops
3:40 p.m. - 4:40 p.m.	Division Meetings
4:45 p.m. - 5:30 p.m.	Culinary Arts Fundraiser

Morning Workshops

10:00 - 11:00 a.m. SLO Department Meetings

See chart for location

11:10 – 12:10 p.m. 1-Hour Sessions

Kognito – How To Work With Difficult People	Debbie Goodman & Becky Bogener, Presenters	749
Sustainability	Sara McCurry & Pamela Spoto, Facilitators	820
SLO Groups - Extra Help / Computer Lab	Cathy Anderson & Shelly Presnell, Facilitators	2209
"Moodle" – Tips & Tricks	Ken Cooper, Roger Gerard & Cindy Sandhagen, Facilitators	241
Outlook Calendar Workshop	Casey Schurig, Presenter	2217

11:10 – 3:30 p.m. Special Health Occupations Sessions

Nurse Squared Electronic Charting	Kathy Royce, Facilitator	8208
Dental – Hands Free Charting	Chuck Cort, Facilitator	8106

Afternoon Workshops

1:15 - 3:15 p.m. 2-Hour Session

Behavioral Intervention Resource Team "B.I.R.T."	Morris Rodrigue, Facilitator	802
--	------------------------------	-----

1:15 - 2:15 p.m. 1-Hour Sessions

Native Language Speakers	Candace Byrne, Facilitator	804
Textbooks	Heather Wylie, Facilitator	241
Highlight a Program - CAD	John Livingston, Presenter	2500

2:30 - 3:30 p.m. 1-Hour Sessions

On-Course – Best Practices	Teresa Doyle & Shelly Presnell, Presenters	2209
5 Steps to a Healthier You	Bethany Schaarschmidt, Presenter	822
NetLibrary/EBSCO Search	Carolyn Salus-Singh, Presenter	241

3:40 – 4:40 p.m. Division Meetings

Arts, Communications & Social Sciences	638
Business, Agriculture, Industry & Technology	1632
Health Sciences & University Programs	8218
Safety, Physical Education and Consumer Sciences	1904
Science, Language Arts & Mathematics	1425

4:45 – 5:30 p.m. Culinary Arts Fundraiser

Wine Tasting with Culinary Arts	Bistro
---------------------------------	--------

10:00 - 11:00 a.m. SLO Department

Meeting Location

Accounting	2204
Adaptive Studies	1317
Administration of Justice	1308
AG-General Agriculture and Animal Science	1201
AG-Business Agriculture and Natural Resources	1213
AG-Environmental Horticulture and Plant Sciences	1411
AG-Veterinary Science	1207
Anatomy/Biological Sciences/Microbiology/Physiology	1632
Anthropology/Archaeology	815
Art	400
Astronomy/Physics	816
Automotive Technology/Diesel Technology/Industrial Technology	2512
Business Administration/Economics/Computer Information Systems	2202A
Chemistry	1415
Communication Studies	633
Construction Technology/Welding	2520
Culinary Arts/Hospitality	2215
Dance/Theatre Arts	522
Dental	8106
Early Childhood Education	3217
Earth Science/Geographic Information Systems/Geography	1416
Engineering/Electronic Technology	1316
English	812
ESL	810
Family Studies	821
Fire Technology	2802
History	804
Humanities	1120
Math	1109
Music	638
Office Administration	2106
Philosophy/Psychology/Sociology	802
Physical Education/Health	1904
Political Science	822
Registered Nursing/LVN/Health Occupations	8208
Sign Language	813
Skills Development	785
Spanish/All Foreign Languages	820

Morning Workshop Descriptions

11:10 – 12:10 p.m. 1-Hour Sessions

Kognito – How to Work With Difficult People Presenters: Debbie Goodman & Becky Bogener, Room 749

How do I help a student I'm worried about? Do you have students who worry you? How about students who you know are bright and competent, but something seems to be interfering with their academic functioning? Do you know what to do when confronted with such students? As educators, we can play an important role in ensuring these students receive the help and support they need. Kognito is a new interactive, online, 45 minute course where you will engage in simulated conversations with student avatars who are fully animated and emotionally responsive, making this interactive environment a highly realistic role-play experience. Once completing the course, you will be far more confident in how to manage difficult student issues and know when to refer them to campus support services.

Sustainability

Practical Tips for Teaching Sustainability in Any Discipline.

Presenters: Pamela Spoto & Sara McCurry, Room 820

Did you know that one section of the Shasta College Strategic Plan encourages faculty to "develop the concepts of sustainability and infuse them throughout the college community?" While it may seem logical for a biology instructor or a natural resources instructor to integrate sustainability into the classroom, some of us may wonder how our specific disciplines relate to this objective. Come to this session for practical, ready-to-use tips for exploring sustainable thinking and living in any classroom and an idea-gathering session where you can share how you're already teaching sustainability in your classes.

SLO Groups – Extra Help – Computer Lab

Facilitators: Cathy Anderson & Shelly Presnell, Room 2209

This hour has been schedule to provide assistance with completing the Summary SLO Assessment Reporting form and/or to answer any questions about SLOs or the SLO Assessment Cycle (SLOAC).

Outlook Calendar

Presenter: Casey Schurig, Room 2217

Microsoft Office tips, tricks and techniques. Learn shortcuts, explore features and boost your productivity with hands-on, how-to's for Outlook. Use these tips and tricks to save time, solve problems and have more fun with Microsoft Office.

Morning Workshop Descriptions

Continued

11:10 – 12:10 p.m. 1-Hour Sessions

“Moodle” Tips & Tricks

Facilitators: Ken Cooper, Roger Gerard & Cindy Sandhagen, Room 241

For those new to Moodle, be sure to come and review some key items that will help ensure a smooth start for you and your students. Important course settings will be covered as well as tips and tricks for common tools inside the course. Learn how to include discussions, quizzes, calendars and more!

11:10 – 3:30 p.m.

Special Health Occupations Faculty Sessions

Nurse Squared – Electronic Charting

Facilitator: Kathy Royce, Room 8208 (HSUP)

Healthcare systems across the nation are converting medical records to an electronic environment as a means to streamline the information needed to provide comprehensive health care. The nursing programs have obtained an EMR software system, “Nurse Squared,” to run in a web-based format that gives the students a practical, real-world experience with electronic documentation for today’s healthcare environment. ADN and VN nursing faculty will participate in a workshop to develop specific scenarios for the Nurse Squared EMR training system. This will complement the theory content in the curriculum and provide the students with a hands-on experience using a record documentation tool to supplement the simulation experiences planned for clinical skills activities.

Dental – Hands Free Charting

Facilitator: Chuck Cort, Room 8106 (HSUP)

The Shasta College program is introducing use of a Dental R.A.T. (Remote Access Terminal) floor mouse for charting purposes during a dental examination. This device is a simple foot-operated, hands-free solution to entering probe reading. This unit eliminates cross contamination and decreases the time needed to enter probe numbers into the computer by hand. The dental hygiene faculty will participate in training on use of the Dental R.A.T. and develop a hands-on instructional documentation tool to provide to the students to use during their clinical sessions.

Afternoon Workshop Descriptions

1:15 – 3:15 p.m. 2-Hour Session

Behavioral Intervention Resource Team - B.I.R.T.

Facilitator: Morris Rodrigue, Room 802

The Behavioral Intervention Response Team (BIRT), formerly known as CIRT, continues its presentation on stress, society, and how external stressors affect our students’ behaviors. Disruptive student issues continue affecting our academic environment making it challenging, and sometimes difficult for faculty, as well as students. Come hear what this panel has to say regarding some of those issues. Learn more about the Student Code of Conduct, and how that document can be utilized in the classroom. What are the consequences students may experience? What can you do to help them back into a successful academic pathway? Joining the BIRT team, headed by Dean Morris Rodrigue, is Dean Kevin O’Rorke who has assumed responsibility for campus discipline. This should be a very interactive, informative session.

1:15 – 2:15 p.m. 1-Hour Sessions

Textbooks

Facilitator: Heather Wylie, Room 241

“Textbooks currently make up 72% of the cost of attending community colleges...The rising costs of textbooks is limiting access to community colleges...Students that do not have their own copy of course texts have a higher dropout rate than those that do...” What can you, as faculty, do to address these problems? Come find out at the Shasta College Textbook Committee’s Flex Day 2011 presentation “Making the Essential Accessible: Addressing the High Cost of Textbooks.” This hands-on workshop will introduce various strategies and resources that can support broader student access to high quality course material.

Native Language Speakers

Facilitator: Dr. Candace Byrne, Room 804

Aqui se habla espanol

Do students sometimes speak Spanish (or their other native language) in your class--and it’s not a language class? This panel of students and staff talks about how their native language both expresses who they are and helps them learn. Come with your questions.

Highlight A Program - CAD

Presenter: John Livingston, Room 2500

Highlight a Program is an opportunity for faculty to explore and experience other programs offered at Shasta College. This semester, Computer Assisted Drafting (CAD) is the Highlighted program. Come join John Livingston for a presentation of the CAD program This is a hands-on introduction to the new technology of CNC Plasma Cutting used in the welding/metal fabrication industry. The participants will operate Shasta College’s computer-numerically-controlled, (CNC), plasma cutting system as they create their own special memento to take with them. You will see and experience the state-of-the-art skills our students are gaining. Space is limited to 20 participants. We’ll provide safety glasses, ear plugs, gloves and material. Please wear closed-toed shoes and clothing

appropriate for being in a shop environment. Please contact John Livingston at jlivingston@shastacollege.edu.

2:30 – 3:30 p.m. 1-Hour Sessions

NetLibrary/EBSCO Search

Simultaneous searching of ebooks, journals, and newspapers.

Presenter: Carolyn Singh, Room 241

EBSCO, the company that delivers the library’s largest collection of journal and newspaper databases, has recently adopted the NetLibrary, our library’s 25,000 + collection of ebooks. This hands-on workshop will cover the advanced search techniques necessary to tame this integrated, but, at times, unwieldy collection of varied and valuable formats.

On Course – Best Practices

Presenters: Teresa Doyle & Shelly Presnell, Room 2209

If you are seeking innovative ways to help students achieve greater academic success and retention, this workshop is for you! Walk away with multiple learner-centered strategies that empower your students to become active, responsible, successful learners. These strategies can be incorporated into your curriculum immediately and with minimal prep-time and materials. These tools can be used across the curriculum, even in large lecture hall settings. If you’re frustrated by seeing capable students struggle, you’ll relish exploring the gold mine of learner-centered strategies!

5 Steps to a Healthier You

Presenter: Bethany Schaarschmidt, Room 822

We live in a culture that stigmatizes fatness, and makes empty promises of happiness that comes with thinness. The “War on Obesity” has NOT resulted in making people healthier or happier. On the contrary, it has simply made people feel like failures; fear of obesity causes them to focus so much on weight loss that they often lose sight of what it means to take care of themselves. Restrictive dieting, weight cycling, self hatred, shame...you already know that these things don’t lead to the happiness that is promised with thinness. This session will focus on achievable goals that will make you healthier and yes, even happier, WITHOUT focusing on weight loss.

4:45 - 5:30 p.m. Fundraiser

Culinary Arts Fundraiser

Facilitator: Roger Gerard, Room 2038 - The Bistro

At the end of the day, there will be wine tasting featuring Shasta College wines for a small donation (\$5.00 suggested). Reservations are required (online reservation information to follow.)

FLEX DAY FALL 2011

“ON THE ROAD TO SUCCESS”

AUGUST 12, 2011

Brought to you by
The “Invest in Our People” Committee

Patricia Demo, Co-chair	Roger Gerard, Co-chair
Johanna Anderson	Candace Byrne
Teresa Doyle	Debbie Goodman
Shelly Presnell	Cindy Sandhagen
