Dear President Lewis:

The Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, at its meeting June 9-11, 2009, reviewed the Follow-Up Report submitted by the College. The Commission took action to **accept the report and remove Warning.**

The Commission notes that there was no team visit to Shasta College to confirm the institution's work, and it therefore relied exclusively on the College's Follow -Up Report. Institutions are expected to meet Standards at all times during the six-year review cycle and to fully address recommendations made by previous teams by the time of the next comprehensive review. This will be confirmed at the time of the next regularly scheduled comprehensive visit.

The Follow-Up Report will become part of the accreditation history of the College and should be used in preparing for the next comprehensive evaluation. The Commission requires that you give the report and this letter appropriate dissemination to your College staff and to those who were signatories of your College report. This group should include campus leadership and the Board of Trustees. The Commission also requires that all reports be made available to students and the public. Placing copies in the College library can accomplish this. Should you want an electronic copy of the report, please contact Commission staff.

On behalf of the Commission, I wish to express continuing interest in the institution's educational quality and students' success. Professional self-regulation is the most effective means of assuring institutional integrity, effectiveness and quality.

Please note that the next comprehensive evaluation of Shasta College will occur during **Fall 2011.**

Sincerely,

Barbara A. Bono, Ph.D.
President
