Campus Safety

Lonnie Seay
Director of Campus Safety

PowerPoint Presentation available on the Campus Safety web page.
Innovation through Dedication

- Campus Safety is a resource for you.
- We are receiving National recognition for our plan, purpose and education in the fields of Emergency Preparedness and the Jeanne Clery Act.
- Our Director, Supervisor and Officers are serving on National and State committees for Campus Safety and Law Enforcement for the Department of Justice, (Violence Against Women Act) and the California State Law Enforcement Association.
- We are writing articles to national publications and receiving invitations to speak at conventions, assist, write and coordinate college community safety programs nationally.
- Many of partner colleges locally are beginning to utilize our plans for their emergency preparedness.
Understanding the Past, to develop a successful FUTURE !!!

- Commit Campus Safety phone number to memory or program the number into your cell phone, 242-7910.
- Let someone know where you are going and when you plan to be back.
- Be aware of your surroundings.
- Lock your vehicle and office.
- When possible, travel in groups of two or more at night and use well-lit, heavily travelled paths.
- Use sidewalks that are far away from shrubs, dark doorways, and alleys.
- Walk in a confident, relaxed manner making eye contact with approaching strangers.
- Contact Campus Safety if you are working late or on the weekends or if you require an security safe-walk escort to your car.
- Trust Your Instincts! If you feel uncomfortable in a place or situation, change directions, go to an emergency phone, a public building or call Campus Safety.
What’s Next?

- Improve existing Mass Notification network.
- Improve Video capability.
- Increase Mass Evacuation and Lockdown drills.
- Education campaign for Faculty, Classified and Students.
- Be informed, Be Safe, If You See Something, Say Something.
- We will come to your office or class to help share the message. If you are ill, don’t cancel class – contact Campus Safety and we will do a presentation.
“A plan is not much good if the people who have to carry out the plan are not aware of its content.”
Rave Alert

Rave Alert is for Everyone’s Personal Safety and Notification in the event of an emergency or safety alerts, deemed necessary for release.

Visit the Campus Safety webpage at: http://www.shastacollege.edu/Administrative%20Services/Security/Pages/ALERTS.aspx

User access and instructions are on the website listed above.
Not Anymore for Everyone’s Personal Safety. Not Anymore is an on-line video based instruction module free for everyone at Shasta College.

Visit the Campus Safety webpage at:
http://www.shastacollege.edu/Administrative%20Services/Security/Pages/NotAnymore.aspx

User access and instructions are on the website listed above.
Shasta College Campus Safety offers self defense classes several times a semester. The class is free to Faculty, Staff and Students.

Instructor Hiroko Mori

About Instructor: Hiroko Mori was born and raised in Japan, moving to California in 1984. A petite woman, she began learning Karate in the US to protect herself, even against large, strong assailants. Hiroko has been training in Shotokan Karate of America (SKA) for 20 years, and teaching karate for 29 years in Redding. She holds the rank of 4th degree black belt, 3rd degree being the highest achievable in SKA. Hiroko has trained in jujitsu (throwing) for 3 years, and in Kenbo (Japanese Fencing) for 10 years. She holds brown belt in Kenbo. Over the last 33 years, Hiroko has traveled across the US (Kansas City, Boise, Tahoe, San Jose, Palo Alto, Berkeley, Sacramento and Dana) and Canada (Vancouver) teaching women's self-defense classes. She is invited to Montreal, Canada, to teach karate and self-defense this spring.

Self Defense

This hands-on clinic, led by self-defense expert Hiroko Mori, will focus on simple and effective techniques men and women can use to deter a strong, determined attacker. She will teach realistic and practical defensive methods for breaking free from an opponent both while standing and while on the ground. In her classes, Hiroko provides a safe an supportive environment for learning and practicing these techniques. No martial arts or self-defense experience is required. Please wear comfortable clothing.

There will be two separate classes, the first one is for students and the second class is for staff.
Implementation as part of Violence Against Women’s Grant. More information is available on the Campus Safety Website in April 2016.
Behavioral Intervention Resource Team (BIRT)

Members of the Student Health / Wellness Services, as well as other college faculty and staff, are actively involved in the Behavioral Intervention Resource Team (BIRT). Chaired by Morris Rodrigue, Vice President of Administrative Services, the BIRT assists faculty, staff and administration with identifying interventions that assist stressed or disruptive student situations. Additionally, the BIRT may be of help to faculty and staff with crisis management when there is a suicide or sudden loss in or affecting the college environment.

For more information contact:
Shasta College Department of Campus Safety 242-7910 (225-4631)
Student Health / Wellness Services 242-7580

On-Line Behavioral Reporting:
You may send an email to the BIRT Team at birt@shastacollege.edu or you may utilize the CSAIRS application to report behavioral concerns at https://csairs.shastacollege.edu/home
Active Shooter Resources

We encourage you to visit the Shasta College Campus Safety Website for all the information listed in this presentation.

What’s New and Exciting?
Just a few of the new & exciting things include…

- Honors Program
- Dual Enrollment
- Innovation Award
- Hiring
- Equity
- CTE Pathways Grant
- CELT – it’s in the library – go check it out!
- SSSP
- ACE
- STEP-UP
- AEBG
- BS/HIM
On top of all our other great work we do as described by TLAs and FLAs…

Budget News

• Good budget proposed, but challenging for us…
• Equity and success $ continued
• $500 million for adult education
• $200 million for CTE (new)
• Growth – 2% proposed
  Tiny COLA (0.47%)
• Much less in one-time money
  (from ~$3.8 million this year to ~$450,000 next year)
Our big challenge…

• ENROLLMENT
  • Goal for 2016-17 is 7274 FTES minimum and 7419 FTES to capture growth (starting this summer)
  • Expanding marketing efforts to include better capture of new students, increasing retention and persistence of current students ($2 million is at stake)
  • I believe this will help with student success results as well
Shasta College is a nationally recognized model community college engaging its communities through innovation in student learning and growth.
