

Registering from a waitlist into a class – Students

If a student attends the first class meeting, the instructor can choose to allow him/her to register from the waitlist. The instructor will provide the student with a 5 digit code.

The student should then either take the code to register in person at the Admissions office BEFORE the last day to add a class or use MyShasta and the code to register online BEFORE the second class meeting. The 5 digit code will expire and online registration will be locked at the end of the second class meeting.

Using MyShasta to enroll into the class: Log in and click MyShasta for Students.

Under the Registration menu click **Manage My Waitlist**
