CANDIDATE: Emily Groth

OFFICE: President, Secretary

MAJOR: University Studies – Agriculture Sciences

YEARS AT SHASTA: 1

HOMETOWN: Elk Creek, CA

HIGH SCHOOL: Elk Creek Jr. Sr. High School

WHY ARE YOU RUNNING FOR OFFICE?

As a self-motivated student leader, I feel very passionate about my school and community and what I can do to serve both as a leader. Starting at Elk Creek high school, I served my fellow students by participating in student council all four years. During those four years, I served as commissioner for events such as prom and pep rallies. My responsibilities expanded to include officer positions as secretary my sophomore and junior year, then finally I got the opportunity to serve as president. Additional qualifications and experience I acquired are, four years of high school varsity sports including captain of both volleyball and basketball team, Elk Creek FFA treasurer, secretary, and vice-president, and class president. Being well a well-rounded individual has enabled me to connect with a more broad range of students and solve a variety of issues. This taught me the skills I needed to be a qualified candidate as the Shasta College Student Senate treasurer this year as well as treasurer for Shasta College Agricultural Leadership last fall. If elected, I will bring my compassion for the success of Shasta College and its students, my organizational skills, and stop at nothing to continue to improve student senate. Leadership is influence and I hope to be the helping hand that is lended to the students of Shasta College as the Student Senate president or secretary. I hope that I can continue and expand my opportunities through student senate by making sure the students’ voices are being heard and that our already great organization continues to grow and prosper.
